Highlights

Smart guided touch panel

Operate your machine in a modern and intuitive way with the unique and smart guided touch panel. The LED indicators guide you through the different functions of your appliance to make your coffee experience even more convenient!

Strength select function

Prepare your favourite cup of coffee by adjusting the strength and intensity of its taste. With the strength select function you can choose between strong short and mild long coffee.

Decalcification indicator

The Philips coffee machine will remind you when to descale your appliance. Regular descaling with the special developed SENSEO® descaler ensures the best taste of your coffee and prevents limescale from tap water.

Adjustable spout

By raising or lowering the spout you can adjust your SENSEO® coffee machine to the size of your favourite cup or mug.

Variety of blends and flavors

SENSEO® offers you a large variety of coffee blends and flavors, each with its own distinctive taste to fit your personal preference.
